

INSTALLATION GUIDE ALLÉ

Follow these steps:

1. Assembly instructions for the bottom plate with 2 legs.
2. Assembly instructions for the bottom plate with 3 legs.
3. Assembly instructions for the bottom plate with 4 legs.
4. Assembly instructions for pot. Assemble the pot with the mounting plate inside, use 1pc of M8x20 screw.
5. Assembly instructions for the table. Put the metal stand on a blanket before starting, assemble the mounting plate with a M8x20 screw.
6. Make sure that the mounting plate and the bottom plate are horizontal to the floor.

7. Attach the table with 4pcs of M6x12 screws.

8. If there is a need to adjust the direction of the table, loosen the bottom screw while putting the stand on the floor. Ensure that the table and the bottom plate align with the floor and fasten the bottom screw again.

Note: Please use a blanket or similar protection when assembling to prevent scratches or other marks that can occur.
