

CEILING

MANUFACTURER: Nordgröna | **DESIGNER:** Joris Oudendijk, Oscar Pressfeldt, and Sander Oudendijk

Ceiling creates a moss canopy. The natural moss ceiling tiles are panels designed for a suspended 2'x2' or 2'x4' grid ceiling system. The ceiling tiles contain sustainably handpicked reindeer moss from the northern Scandinavian mountain ranges. The standard tiles are sound-absorbing, maintenance-free, and available in 15 colorways. Ceiling has an NRC .7 (ASTM C423-17) acoustic rating, and a Class A (ASTM-E 84) fire rating.
