

HONKEN [hon-KIN]

MANUFACTURER: Blå Station | DESIGNER: Thomas Bernstrand + Lindau & Borselius

Generous in size and spacious by nature, the design functions as a work lounge oasis. Honken's tubular steel frame and steel netted backing come in various colors and contrast beautifully with its solid oak legs. The lounge is built for an extended stay with upholstered CMHR foam cushions. The cushions are reversible and have removable covers to extend the product's lifespan.

Honken is eco-friendly. For sustainability certifications, refer to the [product page](#).

HONKEN [hon-kIN]

MANUFACTURER: Blå Station | DESIGNER: Thomas Bernstrand

Designed for all-day comfort, Honken is hip enough for the chic restaurant and sophisticated enough for the professional conference room. In line with the Honken collection, the cantilever dining chair has a sturdy metal mesh back and commanding tubular steel frame that beautifully curls around from the armrests to the floor. Honken slides under any table gracefully and lends users a little bounce for the extended stay. The seat is upholstered in fabric or leather with molded HR foam padding. Honken's steel frame is offered in various colors and comes standard with plastic glides.
