

LEAN IN

MANUFACTURER: Materia | DESIGNER: Kaja Solgaard Dahl

Lean In provides a comfortable place to lean against the wall. The vertically mounted modular sofa is ergonomic and relieves pressure points when occupants rest against it. The wall sofa includes the option to add a compact laminate side table. The cushions have molded foam padding, and the frame is of plywood. Lean In encourages restful interaction in the narrow waiting room, airport hallway, or casual cafe.

Lean In is eco-friendly. For sustainability certifications, refer to the [product page](#).
