

APARTMENT BUILDING, PHILADELPHIA

"Since first impressions matter, BOB makes its bold statement with function, fun, and folly in the design of the lobby experience - as it welcomes residents and their guests to LVL North, located in the burgeoning neighborhood of Spring Garden in Philadelphia. The breadth of flexibility to customize BOB's shape, to select fabric and features, allows only imagination to reign, resulting in a perfect pairing to the bespoke mural wallcovering by Artists Jessie & Katey. Project completed in June 2022." – Eileen Tognini Design
